EXPERIENCE

Leon's Furniture

Toronto, ON

Warehouse Associate

Dec 2020 – Present

- Trained 5 new associates in warehouse safety procedures during the June 2026 rebrand of the Welland store, which reopened on schedule.
- Set up Leon's 2026 CNE pop-up exhibition as part of a 10-person team and supported sales staff on the floor during a live event day.
- Coordinated in-store customer events every 3–4 months, hosting guests and helping sales staff meet client needs.
- Organized showroom and inventory across every department, from bedroom and living room to electronics, keeping the right stock in front of clients.

PROJECTS

Market Penetration Strategy — Local Interior Design Firm

Team Project, Intro to Marketing

- Main presenter for a 5-person team pitching a market penetration strategy for a local interior design firm to an audience of 80; recommended a digital-first push into high-equity markets the firm was already entering (Muskoka, Clarendon).

Tim Hortons — The Cost of Leaving Your Lane

Independent Case Study

- Brand contract violation, consumer permission framework, nostalgia economics. LTV model valuing Tim Hortons' core loyal customer base at \$11.7B (750K customers x \$15,600 lifetime value), making the case for protecting core brand identity in every menu and marketing decision.

Gatorade — How a Sports Drink Became a Category

Independent Case Study

- Category creation, multi-league penetration strategy, aspirational proxy consumption. Interactive occasion map across 12 occasions. BodyArmor \$5.6B acquisition defeated. 65% US market share, \$11.5B total category.

Brand or Commodity — How Private Label Exposed the Difference

Independent Case Study

- Three-variable vulnerability framework across 11 brands using NielsenIQ and Loblaw data. Interactive bubble chart. Canadian retailer data layer (PC, Selection, Compliments). 100% household penetration, \$517B global market.

Costco — A Lifestyle Platform

Independent Case Study

- Membership as product, retail as decoy. 93% renewal rate, \$4.6B membership revenue near pure profit. \$1.50 hot dog as trust signal. Samples as endowment effect architecture.

GTA Auto Insurance Risk Dashboard

Independent Project

- Live dashboard ranking Ontario's 10 highest-risk vehicles by composite theft, driver profile, repair inflation and fraud exposure, built from 2024–2026 public reports (Équité, IBC, FSRA).
